

FIELD FACTORY . . . The H. E. Murray Co., one of the Southland's largest plumbing contractors, sets up an assembly line factory in the field near the Allied Gardens tract on Sepulveda near the city's western limits to pre-fabricate plumbing "trees" for homes built in the area. The units are made to exacting specifications by skilled plumbers using power caulking tools and other mechanical conveniences which could not be made available on the new home site.

Work Started On New Apex Smelting Plant

Work started Friday on the first unit of a \$1,000,000 aluminum smelting plant for the Apex Smelting Co. at 2211 E. Carson St.

Slated for completion next Jan. 30, the plant will convert scrap aluminum into ingots for commercial use.

It will be of structural steel, 180 by 300 feet, with corrugated aluminum siding and roofing. Ten feet of space will be provided between the floors and walls to facilitate ventilation through roof openings. A 40 by 80 foot office will feature concrete tilt-top slab construction.

The plant will have a six-truck dock area and railroad dock space capable of holding six more. Complete laboratory facilities will be installed. Designer and builder is the H. E. Ferguson Co.

FINAL INSPECTION . . . Checking a new heater installation in one of the city's apartment buildings is Arthur Moore, city plumbing inspector. No such units can be cleared for operation in the city without his approval.

Board Approves Liquor License Of Walteria Man

Harold J. Patterson, 24212 Hawthorne Blvd., will have his off-sale general liquor license despite protests that a license at his premises would be contrary to public welfare and morals because of proximity to a children's playground.

Board of Equalization overruled the protests and issued the license following a review of the case at the Nov. 20 meeting, J. P. Greene, public information officer of the fourth district, said.

CAR IMPORTS

Australian motor vehicle imports reached \$162,520,000 in value in 1949-50, topping the import list.

Walteria Baptists To Dedicate Church

Dedication observance will be the theme of services at the First Baptist Church of Walteria today and throughout next week.

The new chapel, erected largely by the efforts of volunteer men under Labor Coordinator Jerry Richards, is built in Colonial

style, with open, laminated arch beams and will seat 176. Building was designed by Gamble Associates of Long Beach. Dedication services will begin at 11 a.m., with the pastor, the Rev. Andrew Duty, delivering a morning sermon on "What Should I Expect of my Church." The choir will sing "Diadem," by Eller, under the direction of Norman Goodrich, and Mavis Hill will present a solo, "Bless This House."

Program Planned
A ham dinner will be served at 12:45 p.m., and an informal program will be presented at the tables.

Dr. Milton E. Fish, dean of the Los Angeles Baptist Theological Seminary, will bring the dedication sermon beginning at 3 p.m. Robert Peaslee will moderate the afternoon formal dedication service. The choir's selection will be the "Awakening Chorus" by Gabriel, and the Rev. Herbert Farrar of Compton will be the visiting soloist. Greetings will be received from the Fellowship of Baptists for Home Missions, the Southern California Association of Regular Baptists, and the American Council of Christian Churches. At the reading of the history of the church, former pastors will be presented. Building Chairman J. J. Hill will tell the achievements and plans for future expansion.

Former pastor Royal Beard will bring the gospel message at 7:30 p.m., and the choir will sing "Hallelujah for the Cross."

Dedication Evangelistic services will begin Monday at 7 p.m., with Evangelist Harold J. Hufford of Allentown, Pa. Hufford will illustrate his messages with object talks, gospel magic, and his violin.

These services will continue nightly at 7 o'clock through Sunday, Dec. 7.

Bring All The Kiddies To

TOY TOWN

At
**TORRANCE
HARDWARE**

HURRY Kids! Santa's been here . . . and he left a slough of terrific toys, dolls and games right here in our Big Toy Department. You won't want to miss browsing around and Mom and Dad will have as much fun as you do we bet.

RADIO FLYER and AMERICAN BEAUTY WAGONS
Sturdy wagons with steering handles. Bright red metal, rubber tires.
American Beauty.....\$2.35
Radio Flyer.....\$12.25

FIRE ENGINE
Just like a real fire engine, with ladder and bell. Seats two, rubber tires.
\$26.50

HIGHWAY CHIEF CHORE WAGON
Heavy duty truck wheels, one steering handle. Sturdy wood in green.
\$22.75

TRICYCLE
Balloon tire tricycle with sturdy base, comfortable seat.
\$26.00

SUPER-MAGNUS ACCORDIONS
Play real songs on these. Children love them—and they're educational.
\$4.25 to \$9.75

DAISY AIR RIFLES
What every boy wants for target practice. Dad will probably like it himself.
\$4.25 to \$9.35

Every Little Girl Wants Our
DOLLS
Our adorable baby dolls are what every little girl wants. Some have their own wardrobes and they're all looking for a "Mommy!" See them in Toytown!

Real Skin Dolls
\$3.59

DOLL BUGGIES
Quality buggies with extra foot space—folding hood.
\$6 to \$13.75

TOOL CHEST
Completely supplied with tools that every little (or big) carpenter will want to own.
\$5.98 to \$24.90

Baby and her Layette
walker; baby clothes
\$6.00 \$1.80

ELECTRIC RANGE
Miniature electric range with cooking utensils. It really works!
\$9.95
